## SEPTEMBER 30, 2020 FINANCIAL COMMENTS REPORT

We have now reached the end of the year 2019/2020 as of this past Saturday. Due to work load related to the 2020/2021 budget presentation and other issues and the fact that there was already a lot of information produced with the budget and combined with the year-end closing procedure, we have elected only to issue the financial data with a very short comments section.

A lot is currently on going, access to contractors remains difficult so we are experiencing a delay in execution of contracts. In such a case if the contract is not terminated before our fiscal year end then we need to set-up accruals, it is easy to calculate when it is a fixed price contract not so easy when it is a cost-plus contract, which is the practice mainly for building maintenance.

The various contracts we have completed are the central isle plantation, the palm tree trimming, the trimming of the hedge along the retention pond, the spraying for white flies, and the application of fertilizer for our grass. We are progressing in the renovation of the lady's restroom at the west pool. The new flowers for the entrance area should be completed in the coming week, the same with the major repair to the compactor door and chute, which was a close to $\$ 8,000.00$ contract with Waste Management, etc. etc. Sorry that large portion of our owners are not here to enjoy.

It is difficult to source extra labor to help our regular maintenance staff, in order to make progress in some tasks, like the large crack repairs on the asphalt, the seal coating of the asphalt, and the reduction of mulch areas around bushes and trees. Contractors are also late in the execution of their contracts like the repair to one of the entrance gates at the east pool, the modification of the entrance fountain, the installation of new steel post at the east pool.

Remember that in accordance with a Board resolution a portion of the left over in the contingency account will be transferred to the TV replacement reserve account to offset the investment when we went from analogue to digital. Currently that possible transfer value stands at about $\$ 25,000.00$.

The budget meeting took place on Wednesday, October 28 and was well attended via a virtual presentation, over 120 owners registered to participate. Minutes will be issued within the next 10 days.

Thanks for reading,
Andre Mongrain, President
